## SUBJECT INDEX, VOLUME 130

<i>Altica subplicata</i> , effect of microclimate and plant characteristics on distribution .....	193	oak effects on soil and herbs .....	31
<b>Amphibians</b> , substrate choice and predation risk in American toads .....	184	physiological populations of broomsedge .....	90
<i>Andropogon gerardii</i> , response to spring burning .....	127	plant distribution in tallgrass prairie .....	43
<i>A. virginicus</i> , physiology of populations .....	90	replacement of <i>Cakile edulenta</i> by <i>C. maritima</i> .....	209
<i>Asclepias syriaca</i> , twinning of follicles .....	56	response by big bluestem to spring burning .....	127
 		root competition of tree seedlings .....	116
<i>Bufo americanus</i> , substrate choice and predation risk .....	184	sampling and statistical test .....	338
 		seed germination in creosote bush .....	75
<i>Cakile edulenta</i> , replacement by <i>C. maritima</i> .....	209	stand composition in ravine forest .....	1
<i>California</i> , life history of <i>Fossaria sonomaensis</i> .....	372	standing crop, biomass of <i>Symporicocarpos</i> .....	
replacement of <i>Cakile edulenta</i> by <i>C. maritima</i> .....	209	occidentalis .....	106
<i>Cervus elaphus</i> , winter forage and diet in coniferous forest .....	299	winter forage of elk in coniferous forest .....	299
<i>Chrysemys picta</i> , temporal variation in growth rate and age at maturity .....	314	 	
<i>Colorado</i> , cottonwood establishment under groundwater decline .....	274	<i>Epischura fluvialis</i> , occurrences in South Carolina .....	386
 		<i>Eurytemora affinis</i> , occurrences in South Carolina .....	386
<b>Ecology</b> , animal, acorn preference of eastern chipmunk .....	173	Evolution, plant, pollen vector and plant geometry on floral sex ratio .....	239
chorusing sites of prairie mole crickets .....	364	 	
inter-island movements of rice rats .....	408	<i>Fossaria sonomaensis</i> , life history variation .....	372
leaf-litter processing influenced by <i>Lepidostoma</i> .....	356	 	
life history of <i>Fossaria sonomaensis</i> .....	372	Genetics, inheritance of albinism in meadow vole .....	393
microclimate effects on distribution of willow flea beetle .....	193	<i>Gryllotalpa major</i> , chorusing sites .....	364
oak dispersal by seed predators .....	229	 	
occurrences of calanoid copepods in South Carolina .....	386	Illinois, stand composition in ravine forest .....	1
opportunistic foraging of eastern woodrat .....	325	maternity roost of Indiana bat .....	405
population and sampling of a mussel bed .....	133	Insects, chorusing sites of prairie mole crickets .....	364
resource partitioning by desert rodents .....	164	distribution of willow flea beetle .....	193
sampling macroinvertebrates from woody debris .....	413	leaf-litter processing influenced by <i>Lepidostoma</i> .....	356
sampling and statistical test .....	338	 	
substrate choice and predation risk in American toads .....	184	Invertebrates, other than insects, larval brooding of <i>Pyganodon cataracta</i> .....	146
temporal variation in growth rate and age at maturity of painted turtles .....	314	life history of <i>Fossaria sonomaensis</i> .....	372
trapping and killing efficiency in house mice .....	397	occurrence of new calanoid copepods .....	386
winter forage of elk in coniferous forest .....	299	population and sampling of a large-river mussel bed .....	133
 		sampling from woody debris .....	413
<b>Ecology</b> , plant, burning and primary productivity in grassland .....	262, 286	 	
composition, biomass and nutrients in mature forest .....	13	<i>Larrea tridentata</i> , decomposition of litter .....	83
cottonwood establishment under groundwater decline .....	274	seed germination .....	75
decomposition of creosote bush litter .....	83	 	
establishment of native grasses on moisture gradient .....	248	<i>Lepidostoma</i> spp., influence on recovery of leaf-litter processing .....	356
invasion of honeysuckle in forest .....	62	 	
measure of angular dispersion in plant neighborhoods .....	401	<i>Lonicera tatarica</i> , invasion in forest .....	62
oak dispersal by seed predators .....	229	 	
 		<b>Maine</b> , twinning of follicles in common milkweed .....	56
<b>Mammals</b> , acorn preference of eastern chipmunk .....	173	inheritance of albinism in meadow vole .....	393
inter-island movements of rice rats .....	408	maternity roost of Indiana bat .....	405
opportunistically foraging of eastern woodrat .....	325	resource partitioning by desert rodents .....	164
trapping and killing efficiency in house mice .....	397	winter forage and diet of elk in coniferous forest .....	299
<b>Massachusetts</b> , burning, nutrient availability and primary production in sandplain grassland .....	286	 	
<b>Michigan</b> , composition, biomass and nutrients in mature forest .....	13	 	

<i>Microtus pennsylvanicus</i> , inheritance of albinism	393	Predation, oak dispersal by seed predators .....	229
<i>Mus musculus domesticus</i> , trapping and killing efficiency	397	substrate choice and predation risk in American toads .....	184
<i>Myotis sodalis</i> , maternity roost	405	<i>Pyganodon cataracta</i> , larval brooding .....	146
Nebraska, establishment of native grasses on a moisture gradient .....	248	<i>Quercus</i> spp., dispersal by seed predators .....	229
response of big bluestem to spring burning .....	127	Reptiles, temporal variation in growth rate and age at maturity of painted turtle .....	314
<i>Neotoma floridana</i> , opportunistic foraging .....	325	Saskatchewan, burning and primary productivity in grassland .....	262
New Mexico, decomposition of creosote bush litter .....	83	standing crop, biomass of <i>Symplocarpus occidentalis</i> .....	106
seed germination in creosote bush .....	75	South Carolina, occurrences of new calanoid copepods .....	386
New York, acorn preference of eastern chipmunks .....	173	Statistics, measure of angular dispersion in plant neighborhoods .....	401
North Carolina, influence of <i>Lepidostoma</i> spp. on leaf-litter processing .....	356	test for centrifugal and centripetal patterns in line and belt transects .....	338
larval brooding of <i>Pyganodon cataracta</i> .....	146	<i>Symplocarpus occidentalis</i> , standing crop, biomass and soil-plant relations .....	106
oak dispersal by seed predators .....	229	<i>Tamias striatus</i> , acorn preference .....	173
Ohio, physiology of populations of broomsedge population and sampling of a large-river mussel bed .....	90	Theory, sex allocation in monoecious plants .....	239
Oklahoma, chorusing sites of prairie mole cricket .....	364	Vermont, invasion of forest by exotic honeysuckle .....	62
opportunistic foraging of eastern woodrat .....	325	Virginia, inter-island movements of rice rats .....	408
<i>Oryzomys palustris</i> , inter-island movements .....	408	Washington, winter forage of elk in coniferous forest .....	229
Physiology, animal, respiratory physiology and larval brooding of <i>Pyganodon cataracta</i> .....	146	Wisconsin, oak effect on soil and herbs .....	31
Physiology, plant, populations of broomsedge .....	90	plant distribution in tallgrass prairie .....	43
<i>Platanus occidentalis</i> , maternity roost of Indiana bat .....	405		
<i>Populus deltoides</i> , subsp. <i>monilifera</i> , establishment underground water decline .....	274
